Salem March 8 - 48

Dear friend Garrison

Our Ex. Com. met to day - we were disappointed, & regretted exceedingly that no answer to the letter I wrote you some weeks since, had been rec'd. Several circumstances rendered it necessary for us to decide whether to hold the anniversary meeting in the fore part or the latter part of the season. Believing that if you visited Ohio you could not well come in June, we accordingly concluded to defer it until the first or second week in August. And now can you not be with us at that time? Please let us know as soon as possible. If you come we shall get up a great meeting, & shall hold a Fair in connection with it.

Every thing depends upon your presence. Your services, tho' always in great demand, have seldom been needed so much, I think, as they will be here at that time. I hope we shall hear from you soon.

Sincerely yours

J. Elizabeth Jones
Cor. Sec'y

P. S. Since meeting the above Soul. Broome rec'd a letter from Wendell Phillips, in which it was stated that you intended to visit Ohio during the summer. Hope you can be here about the 1st of Aug. J. E. J.
